You are cordially invited to a Mother's Day Celebration & Benefit Dinner where we will recognize and support one of our own: Demet Dulkara!

Demet Dulkara is a loving and dedicated mother. Her daughter Derin has Angelman Syndrome. For the last one and a half years Demet has been a single mom in the US, struggling to provide for Derin's medical expenses. Derin's special condition requires frequent hospitalization which makes it impossible for Demet to hold a regular job. Demet's funds are exhausted and they are faced with tremendous financial hardship.

With this Benefit dinner, we will not only celebrate all the wonderful mothers out there, we will also raise funds for Demet.

We all unite as one to help an incredible mother who is one of us and in need.

Join us and be part of this great cause! We look forward to seeing you there. Please feel free to extend this invitation to your friends.
